PROFILE

I am a full-Stack and Mobile App Developer with 2+ years of experience designing, developing, and deploying scalable web and mobile applications. Proficient in modern JavaScript/TypeScript ecosystems including React, React Native, Next.js, Node.js, and PostgreSQL. Proven track record of building production-ready solutions for corporate wellness, property management, and e-commerce. Strong problem-solver who writes clean, maintainable code and collaborates effectively with cross-functional teams to deliver business-focused software products.

WORK EXPERIENCE

RSK Technologies Group | Web Developer 2026 - PRESENT

- Designed and developed the official company website using Next.js, React, TypeScript, and Tailwind CSS. Built responsive and reusable UI components to ensure seamless user experience across devices. Optimized website performance, accessibility, and mobile responsiveness. Collaborated with stakeholders to implement business requirements and company branding.
- Live Site: <https://rsktech.net/>

BeyondSports UG | Mobile App & Web Developer (Apprenticeship) 2025 - 2026

- Collaborated with developers to build BeyondSports UG, a corporate wellness platform consisting of a mobile application and web portal. The platform enables employees to join fitness challenges, track activities using GPS, and promote workplace wellness.
- Developed features for the BeyondSports mobile app and web platform
- Implemented GPS-based activity tracking and challenge participation
- Contributed to the Corporate Admin Portal for employee wellness management
- Assisted in developing the Coach Dashboard and System Admin Portal
- Tech Stack: React Native Expo, Tailwind CSS, NestJS, Prisma ORM, PostgreSQL, TypeScript, Node.js
- Live Site: <https://beyondsports.fitness/>

Personal Projects

CartWise

- Smart Grocery Budget Tracker
- Web application helping users manage shopping lists, track purchases, and monitor spending to stay on budget.
- Tech Stack: Vue.js, NestJS, Prisma, Tailwind CSS , Swagger documentation
- Live Site: <https://cartwise-frontend.onrender.com/>
